

Church Service Social Story

Today is Sunday and we are going to church. Church is where we give thanks to God and remember that God loves us.

We will sit in the pews in the sanctuary with our family.

During the Children's Minutes I will go sit with Pastor Kip and listen.

After the children's minute with Pastor Kip, I will go to Children's Church in the Children's Assembly Room. During children's church I will listen to a Bible story and do an activity. My parents will pick me up when it is over.

On the first Sunday of every month, during Children's Church, we will have Holy Communion. During Communion, we remember Jesus' love for us. We eat bread to represent Christ's body and the juice represents his blood.

When it is time for Communion I will walk up with your hands closed like a basket to receive the bread. I will dip the bread in the juice and then eat it. I do not have to do Communion if I do not want to.

We will have fun learning about God with our church family!
